

DILOKA 448X SAE 40

DILOKA 448X SAE 40 is formulated from High Viscosity Index base oil and high quality additive which meets the recent requirement of railroad diesel lubricant.

DILOKA 448X SAE 40 is free from zinc and chlorine. It is also designed to provide minimum 180 days oil drain interval.

DILOKA 448X SAE 40 gives improved alkalinity reserve, detergency and anti oxidation performance. This performance meets the requirement of new generation "fuel economy" and low oil consumption diesel locomotive engines.

DILOKA 448X SAE 40 dibuat dari base oil High Viscosity Index bermutu tinggi dengan aditif khusus yang diformulasikan untuk pelumas mesin diesel kereta api.

DILOKA 448X SAE 40 bebas kandungan zinc dan chlorine. Pelumas ini juga didesain agar mempunyai drain interval 180 hari.

DILOKA 448X SAE 40 memiliki alkalinity reserve, kemampuan detergency dan anti oksidasi yang lebih baik. Kemampuan ini memenuhi tuntutan mesin diesel lokomotif generasi baru yang lebih hemat bahan bakar dan pelumas.
