

## CP871 - High speed Tire buffer

### Benefits

- ▶ Ideal for patchwork, roughing areas for recapping and cleaning tire moldings

### Features

- ▶ High speed tire buffer
- ▶ Adjustable speed control
- ▶ Jacobs quality 3/8" (10 mm) chuck for holding buffing accessories
- ▶ Lock-offlever to prevent accidental start-up
- ▶ Rear exhaust

### Technical description

Part number	T025372	
Model	CP871	
Free speed	22000 rpm	
Net weight	1 3/4 lb	0.79 kg
Length	8"	203 mm
Chuck / wheel size	3/8"	
Average air consumption	3.2 cfm	
Actual air consumption	13 cfm	368 l/mn
Air inlet thread size	0.25 "	
Min. hose size	3/8"	10 mm
Noise level	89 db(A)	
Sound DBA pressure	100 db(A)	
Vibration (ISO-8662-12)	4.5 m/s <sup>2</sup>	
Vibration α (ISO-28927-8)	4.5 m/s <sup>2</sup>	
Vibration K (ISO-28927-8)	2 m/s <sup>2</sup>
