

CP82120 - High capacity, high quality, quick height adjustments

Benefits

- ▶ High capacity
- ▶ High quality and strength
- ▶ Functional
- ▶ Convenient
- ▶ Quick height adjustments
- ▶ High stability

Features

- ▶ 17.71 in. – 450 mm for the 12T model
- ▶ Welded steel construction to prevent distortion or twisting
- ▶ Height adjustment pin is attached to stand to prevent loss
- ▶ Handle welded to base for easy adjustment and positioning
- ▶ Large v-shaped saddle to support and to position vehicle frame
- ▶ Multiple hole locations in support tube, supplied with strong safety pin
- ▶ Wide, square base
- ▶ At ISO 9001 and ASME Standards
- ▶ Used in pairs for supporting trucks, trailers, and equipment in fleet garages, agricultural, industrial and construction environments

Technical description		
Part number	8941082120	
Model	CP82120	
Capacity	12 ton(s)	<i>13.22 short ton(s)</i>
Min. height	300 mm	<i>11.7"</i>
Max.height	450 mm	<i>17.7"</i>
Width	220 mm	<i>8.66"</i>
Stroke	150 mm	<i>5.9"</i>
Net weight	10 kg	<i>22.04 lb</i>
