

4LP-ST-12-80MM - Low profile, Versatile and Powerful

Benefits

- ▶ Unique wide-track ratchet teeth. Multisurface engaged to better handle deflection forces.
- ▶ Flat design to sit flat on the application.
- ▶ Modular concept.
- ▶ Certified torque accuracy of +/- 3%

Features

- ▶ Certified torque accuracy of +/- 3%
- ▶ Crafted from the highest quality aircraft-grade material for ultimate strength and durability (Aisi 4340 alloy steel)
- ▶ The titan WIDE TRACK ratchet tooth design distributes stress evenly , which provides a bigger contact area that deliver the strength to get the job done right every time.
- ▶ Low nose and flat design for extremely tight application accessibility

Technical description

Part number	6158128290	
Model	4LP-ST-12-80MM	
Ratchet Hex Sizes A/F	80 mm	3-3/20" "
