AirMMax Aeration Equipment Co., Ltd is the biggest aeration tube manufacturer in China, as professional manufacturer and supplier of aeration tube, roots blower, aeration diffuser, aeration hose and connector, AirMMax has developed into an aquaculture solution provider together with aeration system design and installation.

## Aeration diffuser

AirMMax Aeration Equipment Co., Ltd is the biggest aeration tube manufacturer in China, as professional manufacturer and supplier of aeration tube, roots blower, aeration diffuser, aeration hose and connector, AirMMax has developed into an aquaculture solution provider together with aeration system design and installation.

## Aeration Diffuser Size Description

AirMMax aeration diffuser is different size aeration tube fixed on SS304/SS316/SS316L steel frame with different frame diameter.

# AirMMax

## Aeration Diffuser Work Principal

AirMMax aeration diffuser is aeration tube fixed on SS material steel frame, aeration diffuser shall be throw in the shrimp pond and fish pond directly, it's easy to install and easy to pull it out when shrimp harvest.

## Aeration Diffuser Advantage

AirMMax aeration diffuser efficiently dissolve oxygen into the water and improve dissolved oxygen in the water.

## AirMMax

### Plug and Play

AirMMax aeration diffuser is easy to installed and put at the bottom of pond no matter when your pond is HDPE liner pond or mud pond.

### Efficient Dissolved Oxygen

AirMMax aeration diffuser release fine bubble uniformly from microporous wall of aeration tube put at the bottom of aquaculture pond, fine bubble rise slowly from the pond bottom to the surface which makes fine bubble have higher surface contact area and longer contact period with water, which ensure oxygen of fine bubble efficiently dissolved into the water.

### High Shrimp Productivity

AirMMax aeration tube is designed for high density shrimp aquaculture and fish aquaculture, high dissolved oxygen in the pond allows shrimp and fish stay alive and energetic to eat more feeds and ensure faster growth and satisfactory feed conversion ratios (FCR), it also improve the quality of water environment and improve shrimp and fish health.

## Easy Maintenance

AirMMax aeration diffuser is easy to be maintained when it is clogged, water cannon is recommended to blast onto the outer wall of aeration tube.

## Aeration System

As professional manufacturer and supplier of aeration tube, air diffuser, air hose and connector, AirMMax also provide aeration system combo service from roots blower to aeration tube.
