

KX-CQD-H

Electric Reach Stacker

- Standing full electric tow truck, with movable pedal and safeguard.
- Handle accord with human body engineering design, compact and steady all operation can be done through handle.
- Durable large capacity traction battery, convenient and rapid charging.
- Superpower driving and lifting DC motor, it has good performance of speed regulation, realize larger starting and braking torque function.
- The stacker has reasonable design, compact structure and good looking appearance, specially folded pedal and safeguard, it reduces the working intensity and improve working efficiency
