The Catalog of Crimping Machine

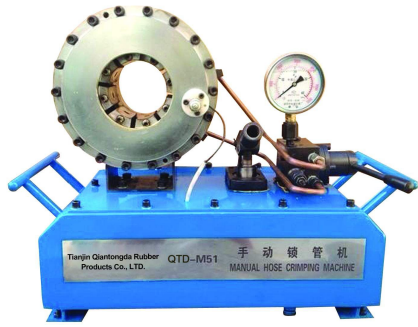

Model No.	Technical details	Picture
<p>Crimping Machine QTD-25</p>	<ol style="list-style-type: none"> 1. Crimp range: 6mm-25mm 2. Voltage: 220V/380V 3. Buckle pressure: 200T 4. Rated pressure: 20Mpa 5. Dimensions: 680mm*340mm*655mm 6. Working height: 518mm (from bottom) 7. Fuel tank capacity: 50L 8. Motor power: 3.0kw 9. Hydraulic pump: CBW-F306 10. Dies: 6 sets 15 (6mm 8mm) 19 (10mm) 23 (13mm) 26 (16mm) 30 (19mm) 36 (22mm 25mm) 11. Weight: 250Kg 	
<p>Crimping Machine QTD-75D</p>	<ol style="list-style-type: none"> 1. Crimping range: 4mm-27mm 2. The largest crimping pressure: 150T 3. Rated pressure: 20Mpa 4. Opening and closing degree: +/-20mm 5. Motor power: 1.5KW 6. Operating voltage: 380V, 220V, 24V, 12V 7. Dies: 4 sets (16, 20, 24, 28) 8. Weight: 80Kg 9. Dimension: 600mm*500mm*300mm 	

<p>Crimping Machine QTD-51</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-51mm 2. Rated pressure: 31.5Mpa 3. The largest crimping pressure: 449T 4. Ruler precision: 0.02mm 5. Oil pump out-let quantity: 5ml/rad/3kw (380V) 2.5ml/rad/2.2kw (220V) 6. Dimension: 830mm*820mm*860mm 7. Weight: 260Kg 8. Stoke: 850 stoke/hour 9. Die: 10 sets. 17 (6mm 8mm) 20 (10mm) 23 (13mm) 27 (16mm) 31 (19mm) 36 (22mm) 41 (25mm) 47 (32mm) 53 (38mm) 63 (51mm) 	 <p>A yellow and black crimping machine with a control panel on top. The control panel has several buttons and a digital display. The machine is mounted on a black metal frame.</p>
<p>Crimping Machine QTD-51B</p>	<ol style="list-style-type: none"> 1. Crimping and skiving range: 6mm-51mm 2. Mold dimension: 17mm-67mm 3. Rated pressure: 31.5Mpa 4. Ruler precision: 0.02mm 5. The largest crimping pressure: 236T 6. Power: 3KW/3.75KW 7. Working voltage: 220V/380V 8. Stoke: 960 stoke/hour 9. Oil pump out-let quantity: 14.5L/min 10. Dimension: 1000mm*680mm*1140mm 11. Weight: 330Kg 12. Die: 10 sets 	 <p>A blue crimping machine with a control panel on top. The control panel has several buttons and a digital display. The machine is mounted on a wooden pallet.</p>
<p>Crimping Machine QTD-51C</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-51mm 2. Rated pressure: 31.5Mpa 3. The largest crimping pressure: 640T 4. Dimension: 890mm*690mm*1400mm 5. Weight: 300 kg 6. Max opening: 114mm 7. Power: 3KW 8. Working voltage: 220V/380V 9. Dies :10 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 63) 	 <p>A blue crimping machine with a control panel on top. The control panel has several buttons and a digital display. The machine is mounted on a wooden pallet.</p>

<p>Crimping Machine QTD-51D</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm- 51mm 2. Rated pressure: 31.5Mpa 3. The largest crimping pressure: 449T 4. Ruler precision: 0.02mm 5. Oil pump out-let quantity: 5ml/rad/3kw (380V) 2.5ml/rad/2.2kw (220V) 6. Weight: 400kg 7. Stoke: 850 stoke/hour 8.Dimension: 920mm*820mm*1400mm 9. Die: 10 sets 	 <p>A blue industrial crimping machine with a large black die head and a control panel on top with several buttons and a pressure gauge.</p>
<p>New Model DX68</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-51mm 2. The largest crimping pressure: 449T 3. Ruler precision: 0.02mm 4. Rated pressure: 31.5Mpa 5. Oil pump out-let quantity: 5ml/rad/3kw (380V) 2.5ml/rad/2.2kw (220V) 6. Weight: 310Kg 7. Dimension: 870mm*780mm*860mm 8.Die: 10 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 63) 	 <p>A blue industrial crimping machine with a silver die head and a control panel. The front panel has a label that reads 'TYPE SHRINK TUBE MACHINE'.</p>
<p>Old Model DX68</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-51mm 2. The largest crimping pressure: 449T 3. Ruler precision: 0.02mm 4. Rated pressure: 31.5Mpa 5. Oil pump out-let quantity: 5ml/rad/3kw (380V) 2.5ml/rad/2.2kw (220V) 6. Weight: 280Kg 7. Dimension: 780mm*510mm*850mm 8.Die: 10 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 63) 	 <p>A blue industrial crimping machine with a silver die head and a control panel. The front panel has a label that reads '加强型 DX-68'. A tray containing several black dies is shown in front of the machine.</p>

<p>Crimping Machine QTD-64</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-64mm 2. The largest crimping pressure: 520T 3. Ruler precision: 0.02mm 4. Rated pressure: 25Mpa 5. Motor power: 5.5 KW 6. Oil pump displacement: 14.5L/min 7. Weight: 550Kg 8. Dimension: 910mm*780mm*1050mm 9. Die: 12 sets 	
<p>Crimping Machine QTD-76</p>	<ol style="list-style-type: none"> 1. Crimping machine: 10mm-76mm 2. Ruler precision: 0.02mm 3. The largest crimping pressure: 816T 4. Working pressure: 15Mpa 5. Opening and closing degree: +/-40mm 6. Power: 5.5 KW 7. Hydraulic pump: 25YCY 8. Working voltage: 220V/380V 9. Oil tank capacity: 200L 10. The height of swaging from the ground: 1120mm 11. Weight: 850Kg 12. Dimension: 1530mm*800mm*1360mm 	
<p>Crimping Machine QTD-102</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-102mm 2. The largest crimping pressure: 735T 3. Ruler precision: 0.01mm 4. Rated pressure: 31.5Mpa 5. Max opening: 160mm 6. Weight: 360Kg 7. Dimension: 800*500*960mm 8. Die: 14 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 65, 80, 90, 105, 116) 	

<p>Crimping Machine QTD-153</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-150mm 2. The largest crimping pressure: 1100T 3. Ruler precision: 0.01mm 4. Rated pressure: 31.5Mpa 5. Max opening: 225mm 6. Weight: 550Kg 7. Dimension: 950*1060*1130mm 8. Die: 17 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 65, 80, 90, 105, 116, 130, 140, 165) 	
<p>A/C Crimper</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-16mm 2. Material: stainless steel 3. Weight: 12Kg 4. Die: 7 sets 	
<p>Manual Crimping Machine QTD-M75</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-27mm 2. Swager force: 10KN 3. Rated pressure: 31.5Mpa 4. Die: 4 sets (16, 22, 32, 39) 5. Weight: 40Kg 6. Dimension: 610mm*350mm*450mm 	
<p>Manual Crimping Machine QTD-M32</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-32mm 2. The largest crimping pressure: 187T 3. Oil pump delivery capacity: 30ml 4. Crimping pressure: 16Mpa 5. Dies: 8sets 6. Rated pressure: 31Mpa 7. Crimping frequency: 40r/hour 8. Weight: 128Kg 9. Dimensions: 680mm*550mm*430mm 10. Mold dimension: 50mm*23mm*13mm 	

<p>Manual Crimping Machine QTD-M51</p>	<ol style="list-style-type: none"> 1. Crimping range: 6mm-51mm 2. The largest crimping pressure: 500T 3. Ruler precision: 0.02mm 4. Dimension: 450mm*770mm*700mm 5. Weight: 145kg 6. Max opening: 114mm 7. Die: 10 sets (16, 19, 23, 26, 31, 36, 41, 47, 55, 63) 	 <p>A blue manual hose crimping machine with a large circular die assembly on top, a pressure gauge, and a handle. The front panel has the text 'Tianjin Qiantongda Rubber Products Co., LTD. QTD-M51 手动锁管机 MANUAL HOSE CRIMPING MACHINE'.</p>
<p>Cutting Machine QB-38</p>	<ol style="list-style-type: none"> 1. Cutting range: 6mm-38mm 2. Blade diameter: 350mm 3. Power: 2.2kw 4. Working voltage: 220V /380V 5. Dimensions: 670mm*720mm*850mm 6. Weight: 80Kg 	 <p>A blue industrial cutting machine with a large blade and a handle, designed for cutting hoses.</p>
<p>Cutting Machine QB-51</p>	<ol style="list-style-type: none"> 1. Cutting range: 6mm~51mm 2. Blade diameter: 400mm 3. Power: 2.2KW 4. Working voltage: 220V/380V 5. Dimensions(mm):1200mm*700mm*900mm 6. Weight: 140Kg 	 <p>A red industrial cutting machine with a large blade and a handle, designed for cutting hoses. The front panel has the text 'Silose Cutting Machine'.</p>

**Manual
Cutting
Machine**

1. Cutting range: 6mm-51mm
2. Working voltage: 220V/380V
3. Blade diameter: 355mm
4. Weight: 20Kg
5. Dimension: 600mm*300mm*700mm

**Peeler
Machine**

1. Skiving range: 6mm-51mm
2. Power: 2.2KW/3KW
3. Working voltage: 220V/380V
4. Dimension: 450mm*650mm*110mm
5. Weight: 90Kg
