

VT-32HD

Heavy Duty Pneumatic Combination
Tool for Polyester Strapping

Minimum air pressure indicator button appears "blue" to confirm that minimum air pressure is available for tool operation.

Easy to operate

The VT-32HD is the lightest tool in its class at 11.5 lbs (5.2 kg). With two-strap loading and two-button operation, it is easy to use and remove from the strap after cycling. Plus it is equipped with a weld completion gauge.

Superior performance

This tool has a fast cycle time, and the ability to apply over 800 lbs. (3 600 N) of tension with a high-strength friction weld.

Low maintenance

There are few wear parts, all of which can be replaced in minutes.

Durable

All metal and alloy parts provide long-lasting, low-maintenance operation.

Specifications
