

# HACOP LUB

## Motorised Barrel Pump

We are pleased to introduce HACOP LUB motorised barrel pump, one of the best performing barrel and container pumps in the world. HACOP LUB is manufactured in mild steel with a seal-less construction making its use versatile for handling wide range of lubricants and chemicals.

HACOP LUB is used not only in engineering and chemical industries but also in hotels, cold storage, hospitals, workshops, cinema theaters, shopping malls etc.

### SPECIFICATIONS

M. O. C.	: Pump body in M. S. Chrome and impeller in P. P.
Suitable for	: 2" bung hole container
Pump tube length	: 700 / 1000 / 1250 mm
Viscosity of liquid	: up to 500 cp
Pumping type	: submerged, self priming
Temperature of liquid	: 60 °C ( max )
Discharge	: 80 lpm ( max )
Delivery Head	: up to 9 m ( 25 ft )
Electric Motor	: Single phase, 400 W, Universal motor, operating on 230 V, 50 Hz, AC supply. Shock proof and chemical resistant body, suitable for intermittent operation

**Caution** : **Should not be unattended to avoid burning**

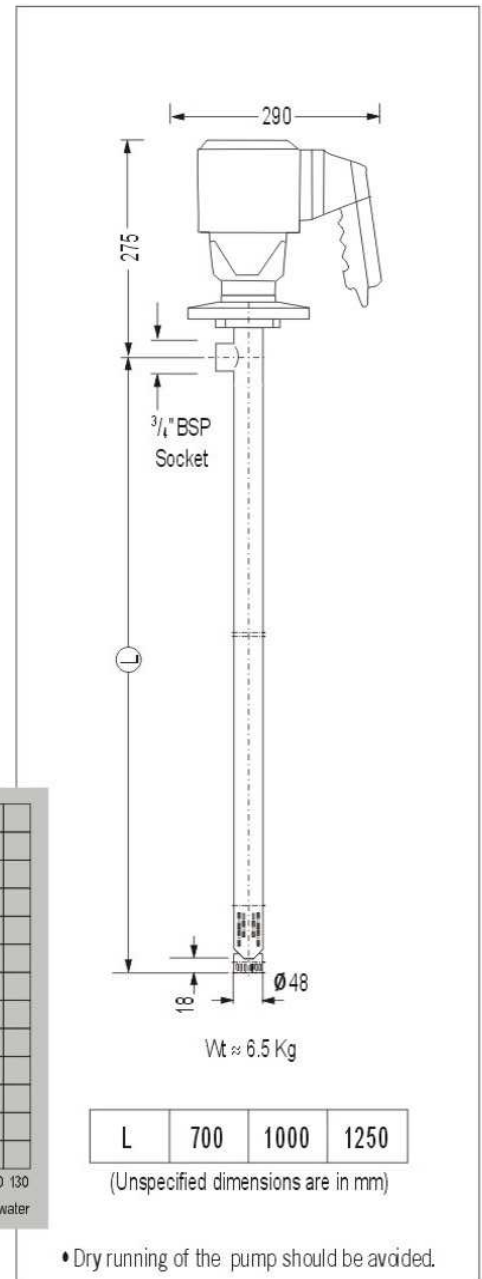

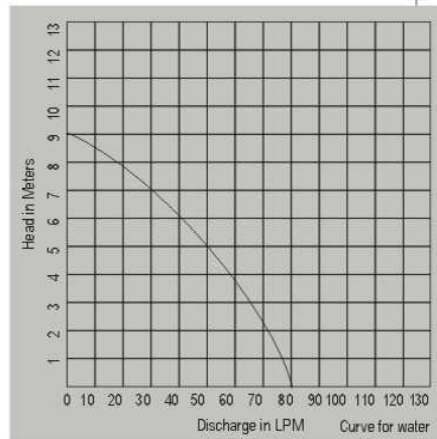

### SUITABLE FOR

- Lubricants
- Hydraulic oils
- Cutting oils
- Coolants
- Paints
- Effluent treatment chemicals
- Non-flammable solvents
- De-greasing solutions
- L D O / H S D
- Machine oils
- Transformer oils
- Thermic fluids
- Varnishes

### APPLICATIONS

- De-watering
- Charging reaction kettle
- Filling oil in transformers
- Filling overhead tanks
- Decanting barrels etc.

### PERFORMANCE CURVE

Due to continuous improvement, specifications are subject to change without prior notice.
