Colony Counter

Two-Year Warranty

Galaxy 330

Features

❖ **Four digital displays**

4 digit display offers convenience of showing the present and previous three count values.

❖ **Multi-counting average**

Galaxy 330 can make average count from multiple counting.

❖ **Exclusive BACK button**

The BACK button offers the convenience of deducting data when over counting.

❖ **Suitable for Petri-dishes in various diameters**

Galaxy 330's adjustable dish holder can accept most Petri-dishes in a wide range of diameters from 90 to 150 mm or 60 mm.
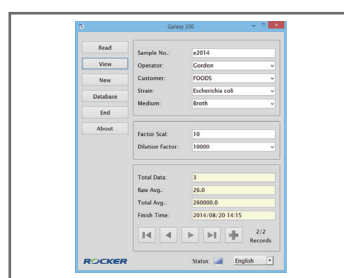

❖ **Pressure sensor design**

Pressure sensor design can allow user to operate with any marking pens. No worry about sample spoiled or contaminated.

❖ **Safety compliance**

CE certification

Applications

❖ Total bacteria counting

❖ Total coliform counting
