

KB 201

Porcelain & Ceramic Cleaner

KB 201 is a powerful porcelain cleaner for brightening & cleaning porcelain surfaces. It contains complexing agent, sequestering agent, scale remover, wetting agent and specialized blooming remover. It is a specialized product and requires careful application methods. **WRONG & UNWANTED APPLICATIONS NOT PRESCRIBED, MAY CAUSE UNEXPECTED RESULTS & DAMAGE.** Must be diluted before use. Never use on glazed surfaces.

Application

Pour diluted KB 201 on the surface to be cleaned, allow it to react for 2 – 20 minutes, depending on the type of stain & dilution factor. After that, brush with soft brush then rinse thoroughly with clean water. Make small test spot to verify result before actual use.

Dosage

Dilute with water depending on the cleaning work. Can be diluted up to 50 times or more.

Handling & Precaution

Contains only organic acidic compounds. Do not ingest. Do not get in eyes, on skin or clothing. Keep the container closed when not in use. Avoid breathing the mists. Wear a mask when handling. Use sufficient ventilation to prevent build-up or mists. **KEEP AWAY FROM CHILDREN.**

Packaging

Available in pail of 20 lt.. Can also be custom packaged.
