Company Details

PT Pusaco International

PT Pusaco International

Materials & Manufacturing Division

Supply Materials & Provide Precise Engineering & Manufacturing Works

Mechanicals & Trading Division

Supply Mechanical & Power Transmission Products & All kinds of Industrial Products

Lighting & Product Handling Division

Supply LED Lamps, Solar Systems & Heavy Duty Product Handling Solutions

“Engineering Your Future Growth”

Products

Kwang Jin's Rotary Joints & Swivel Joints: Korea

Target Industry : Steel Mills, Tire Plant, Plastic Packaging, Corrugated & etc.

Application

Rotary Joints : Media into rotating drum or any rotating applications.
Swivel Joints : Transferring Media and to switch angles or directions of piping lines.

Applicable Media : Hot water/Cold Water, Hot Oil, Hydraulics, Steams, Air & etc.

MK Caster Wheels : Korea
DaWang Caster Wheels: China
Amaco Caster Wheels : Malaysia

Target Industry : Automotive, Warehouse & etc.

Application

All kinds of Trolleys & Applications of Material Handling Process.

▶ “Engineering Your Future Growth”

Products

Magris Tabletop Chain : Italy

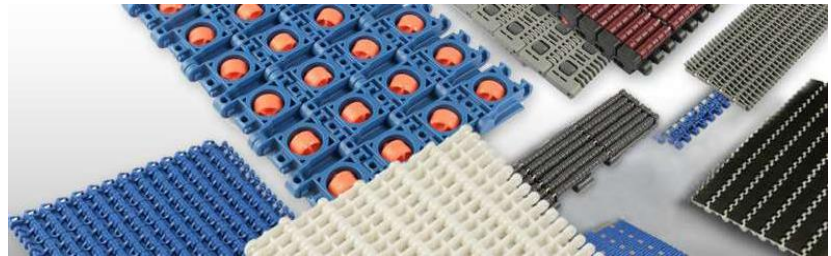

Hairise Plastic Chain & Modular Belt : China

Target Industry : F&B

Application

Light & Medium Duty Conveyor Systems

Boteli Valve (API, TUV, ISO, etc certified) : China

Ball, Gate, Globe, Check, Butterfly, Cryogenic Valve, Below Valve, Strainer

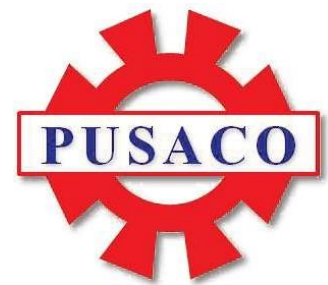

Target Industry: Oil & Gas, Petrochemical, Power Plant, Distric Heating, Liquefied Gas, Vacuum

Application

To control flow in and out media with various material, pressure and temperature

► “Engineering Your Future Growth”

Products

UJ TECH

Universal Joint : Korea

Target Industry : Steel mill, Paper mill, Ironmaking machines.

Application

Allow power transmission between driving axle that relatively far from the driven axle.

Tapco's Elevator Bucket : USA

Target Industry : Agricultural, Feedmill, Sugar, etc

Application

Move material in a vertical, or high direction.

▶ “Engineering Your Future Growth”

Products

Air Kocker, Vibrator & Blaster : Japan

Target Industry: Steel Mills, Food & Pharmaceutical plant, Petrochemical Plant & etc.

Application

To prevent & release Blockage or Screening, Filling, Adhesion and Conveyance.

Matsushima

Matsushima Measure Tech

Pull Cord Switch

Belt Sway Switch

Speed Switch

Target Industry : Cement Plant, Power Plant and Quarry

Application

Conveyor Safety Instrumental to prevent misalignment and conveyor break apart.

“Engineering Your Future Growth”

Products

ProfilGate® Tire Cleaning System : Germany

Bandell

LED & Commercial Lighting : China

LED Lighting

LED Street Lighting

LED Floodlight

Solar Powered LED
Street Lantern

Heavy Duty / Dimming
Lighting

“Engineering Your Future Growth”

Products

UNIMOTION

Linear Units, Elektric Cylinders : Slovenia

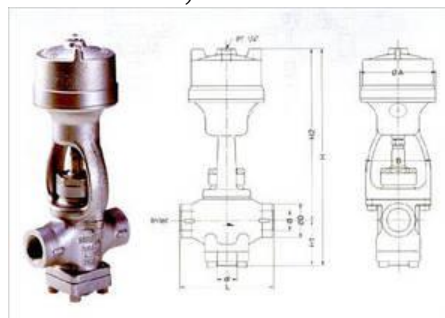

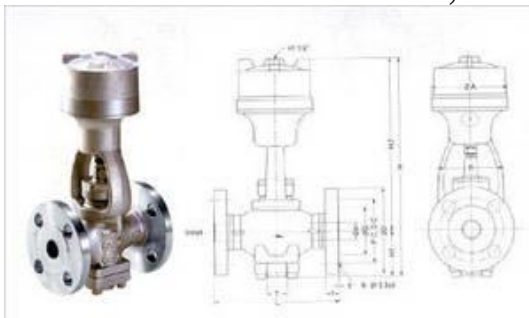

Target Industry: Automation, Packaging, Food, Electronics, etc

Application

Pick, Place, Push applications

Valas[®]

Piston Valve, Control Valve, Knuckle Joint, Strainer : Korea

Target Industry : Tyre, Rubber Curing

Application

Open, Stop, Filter For Media Steam, Water, Gas, Air
