

NANBEI INTERNATIONAL GROUP LIMITED

Liquid nitrogen tank

Model : YDS-60-210

Volume : 60L

Neckdiameter :210mm

External diameter : 560mm

Height : 900mm

Empty weight : 32kg

Liquid nitrogen storage time : 63-74days

Liquid nitrogen evaporation : 0.851-1L/day

Body Material : High strength aviation Aluminium alloy

Canister numbered : 1,2,3,4,5,6

Canister Standard configuration : 3pcs

Blue protection casing

Packing list: 1 x Liquid nitrogen container

1 x Necktube core

3 x Canister

1 x Protection casing
