

Your first step in security

# PEDESTRIAN GATE

## FLAP BARRIER •

### • MOTORIZED RETRACTABLE WING

#### ✓ FLB140

FLB140 series flap barrier offer the most efficient opening / closing. Limited movement trajectory of flap wing reduce the possibility of damage by vandalism. Flap wing retracted into housing does not take up any space clearance for a full access. Allow small to medium size of luggage to pass through. Built in multiple IR sensor to ensure safety.

FLB140 top and side cover can be fully opened for easy integration with any third party reader and embedded PC. This is the most versatile pedestrian gate of all.

**SPECIAL EFFECT** | **GREEN** light lining along the edge of transparent wing.

## SWING BARRIER •

### • MOTORIZED FAST SWING PANEL

#### ✓ SWB310

SWB310 series is designed to be slimmest of all pedestrian gate. Slim form factor save space and allow you to put more gates to digest higher traffic. More transparent surface that makes it look very elegant to elevate premium atmosphere of any building lobby. High speed advance brushless motor is used to achieve faster pass through rate.

SWB310 offer wide and full clearance opening to allow pedestrian with luggage to pass through with comfort. SWB310 series is available in single or dual panel to achieve multi-lane passage.

**SPECIAL EFFECT** | **Blue** light to indicate standby.  
**Red** light to indicate alarm (invalid entry).  
**Green** light to indicate valid entry.

## SWING BARRIER

- MOTORIZED WIDE SWING PANEL

### ✓ SWB103

SWB103 tubular swing barrier has smallest installation footprint while offering widest opening clearance to allow big boxes, trolley, wheel chair, baby stroller or user with big luggage to pass through with comfort.

SWB103 can be installed with customized railing SWB\_RL. The railing has built in IR sensor enable auto close and safety auto reverse function on SWB103 swing barrier. This is ideal solution for handicapped lane.

OPTIONAL :  
RAILING WITH  
IR SENSOR

## FULL HEIGHT TURNSTILE

- SEMI AUTOMATIC OUTDOOR

## DUAL LANE FULL HEIGHT TURNSTILE

- SEMI AUTOMATIC OUTDOOR

### ✓ TTS721 AND TTS730

MAG TTS721 and TTS730 semi auto stainless steel full-height turnstile can achieve maximum access security control. Users are not able to crawl underneath or climb over to gain unauthorized access into premise. Full height turnstile can effective control single pass through each time.

It is built with high quality material for better reliability and vandal resistance thus suitable for outdoor usage with high people traffic environment. User friendly arrow LED to indicate lane availability. Seperate display to indicate access approval that is compatible with any access control system.

TTS730

## DROPBOX •

### • CARD COLECTOR DROP BOX

#### ✔ DBX100

DBX100 series is a dropbox type card collector. User can drop their visitor card into the dropbox for 1 time single pass exit or entry.

No more hassle for visitor to walk all the way to reception counter just to return the card.

DBX100 can be integrated with any access control reader. DBX100 design is simplified to achieve highly affordable solution for visitor management system.

✔ Can support horizontal card holder with clip.

#### MOTORIZED TRIPOD

##### ✔ TTS470

TTS470 is a fully automatic tripod turnstile that is design for heavy traffic of public mass transportation such as bus or train station. TTS470 is using high duty cycle brushless DC motor and robust mechanical gear system to cater continuous non-stop pedestrian traffic during peak hours with minimum maintenance.

TTS470 is equipped with more advance control system to accomodate rough usage and force pass through attempts.

#### SEMI AUTOMATIC TRIPOD

##### ✔ TTS351L

TTS351L is a semi auto turnstile based on solenoid lock. Its unique mechanical drive design allow the arm to be pushed effortlessly and auto-rotate back without any electric motor. Sturdy rock solid internal mechanical parts design maximize its durability for industrial usage. Modular design so that you can easily replace any parts by yourself.

TTS351L is optimized economical solution for indoor.

**DUAL LEVEL**  
ANTI - REVERSE  
LOCK

**SINGLE PASS**  
TIMER

#### SEMI AUTOMATIC MINI TRIPOD

##### ✔ TTS312

TTS312 is a mini semi auto turnstile. Small form factor allow it to fit into tight space. It has exact same internal system and features with TTS351L.
