ポケット クリン・テ

POCKET CLEAN-TE

EMPOWERED BY WHITE FACTOR 50ml

容量：50ml 販売価格：980円(税抜)

Minimum order 100 bottles

- Spray about 0.1ml (1 push) at a time.

Precautions for use

- Do not mix with others.
- Because quality deteriorates, we recommend early use.
- Avoid direct sunlight and high temperature, please keep in a cool and dark place. There is a risk of quality deterioration.
- If symptoms such as dermatitis or eczema appear, discontinue use and consult a doctor.
- Should this get in your eyes, rinse immediately with tap water for at least 15 minutes, and get medical attention immediately.
- If swallowed accidentally, drink 1-2 cups of water or milk and get medical treatment immediately.
- Because the liquid is chlorine-based, it corrodes and bleaches, so be careful when using it.

DANGER: When mixed with acidic products, toxic chlorine gas is evolved.

Notes and intended use

Weakly acidic hypochlorous acid aqueous solution

DANGER: When mixed with acidic products, toxic chlorine gas is evolved.
