

The Safety Company

Details:

Features and Benefits

For infinitely variable valve:

- Infinitely variable speed flow control;

Maximum gas flow rate of more than 600L / min, extreme environments

Spherical supply valve:

- Lighter, about 80% of the original weight of the supply valve;
- Plug one second take, even if wearing heavy gloves equally fast;
- Bypass valve twice as many security;

• To add an emergency breathing gas supply channel.

Ergonomic Back:

- Designed for Asian development, more gentle arc, more comfortable fit;
- Supply line embedded in the backplane, to avoid the risk of being caught by the pipeline;

Can be installed rotating belt, make breathing more easily bear;

- There are huge gripper design space, more convenient carrying respirators.

Permanent anti-fog mask:

- Permanent anti-fog design time but also your clear vision.

Zippered shoulder strap:

Easy to operate, support for rapid exchange tube about the key moment, quick step!

Double scale table:

Unique MPa / bar dual scale table designed to meet the standard double reading, life should not be misread information!

Options and Specifications

- Working Pressure: 30MPa
- Start alarm pressure: 5.0 ~ 6.0MPa
- A regulator output pressure: 0.7MPa
- * Size: 520x350x240mm
- Package Weight: about 8Kg (not inflated)
- Gas flow rate: $\geq 500\text{L} / \text{min}$
- Respiratory resistance: $< 4.2\text{mbar}$
- Cylinder water capacity: 6.8L
- Gas volume: $> 2040\text{ l}$
- Use time: $> 68\text{ minutes}$ (by air consumption $30\text{ l} / \text{min}$ calculation)

Part Number Description

10165419

BTIC cylinders, no table, 500C reducers, standard alarm whistle, standard pressure pipe, AX pressure for valves, UE mask, rubber headband, Standard Edition strap, AX-B60CSSXURB0

10165420

BTIC cylinders, no table, 500C reducers, standard alarm whistle, standard pressure pipe, AX pressure for valves, UE mask, rubber headband, Standard Edition strap, AX-B61CSSXURB0

10167763

BTIC cylinders, no table, 500C reducers, standard alarm whistle, three medium-pressure tube, AX pressure for valves, UE mask, rubber headband, Standard Edition strap, AX-B90CSYXURB0

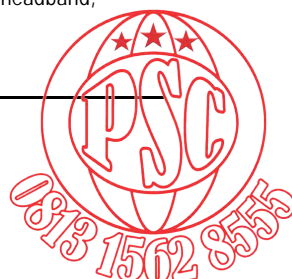

10167764

BTIC cylinders, no table, 500C reducers, standard alarm whistle, three medium-pressure tube, AX pressure for valves, UE mask, rubber headband, Standard Edition strap, AX-B60CSYXURB0

10167765

BTIC cylinders, no table, 500C reducers, standard alarm whistle, whip the pressure tube, AX pressure for valves, UE mask, rubber headband, Standard Edition strap, AX-B61CSQXURB0

10167766

BTIC cylinders, no table, 500C reducers, standard alarm whistle, whip the pressure tube, AX pressure for valves, UE mask, rubber headband,
Standard Edition strap, AX-B60CSQXURB0
10167773

Domestic Luxfer cylinders, no table, 500C reducers, standard alarm whistle, standard pressure pipe, AX pressure for valves, UE mask, rubber
headband, Standard Edition strap, AX-L60CSSXURB0
10167774

Domestic Luxfer cylinders, no table, 500C reducers, standard alarm whistle, standard pressure pipe, AX pressure for valves, UE mask, rubber
headband, Standard Edition strap, AX-L61CSSXURB0
10167789

BTIC cylinders, with a table, 500C Regulator, chest alarm whistle, standard pressure pipe, AX pressure for valves, UE mask, rubber headband,
Standard Edition strap, AX-B61CCSXURB0
10167790

BTIC cylinders, with a table, 500C Regulator, chest alarm whistle, whip the pressure tube, AX pressure for valves, UE mask, rubber headband,
Standard Edition strap, AX-B61CCQXURB0
10167791

BTIC cylinders, with a table, 500C Regulator, chest alarm whistle, three medium-pressure tube, AX pressure for valves, UE mask, rubber headband,
Standard Edition strap, AX-B61CCYXURB0

Approvals and certification

In line with "GB16556-2007 self open compressed air breathing apparatus" national standards
