

# **GreenSpace G5**

## DN393B LED22/840 PSU D200 WH GM

High-gloss high reflectance - 80°

GreenSpace Gen5 is a new LED downlight range combining light efficiency and comfort with product diversity and system compatibility

## **Product data**

| Light source color<br>Light source replaceable | 840 neutral white                  |
|------------------------------------------------|------------------------------------|
| Number of gear units                           | 1 unit                             |
| Driver included                                | Yes                                |
| Optic type                                     | High-gloss high reflectance        |
| Luminaire light beam spread                    | 80°                                |
| Connection                                     | Push-in connector 6-pole           |
| Protection class IEC                           | Safety class I                     |
| Glow-wire test                                 | Temperature 650 °C, duration 30 s  |
| Flammability mark                              | For mounting on normally flammable |
|                                                | surfaces                           |
| Warranty period                                | 3 years                            |
| Constant light output                          | No                                 |

| <b>Operating and Electrical</b> |             |  |
|---------------------------------|-------------|--|
| Input Voltage                   | 220-240 V   |  |
| Input Frequency                 | 50 or 60 Hz |  |
| Inrush current                  | 2.2 A       |  |
| Inrush time                     | 0.045 ms    |  |

| Power Factor (Min)                  | 0.95                     |
|-------------------------------------|--------------------------|
|                                     |                          |
| Controls and Dimming                |                          |
| Dimmable                            | No                       |
|                                     |                          |
| Mechanical and Housing              |                          |
| Housing Material                    | Aluminum die cast        |
| Reflector material                  | Polycarbonate            |
| Optic material                      | Polycarbonate            |
| Optical cover/lens material         | Polycarbonate            |
| Optical cover/lens finish           | Matte                    |
| Overall height                      | 108 mm                   |
| Overall diameter                    | 216 mm                   |
| Color                               | Black and white          |
|                                     |                          |
| Approval and Application            |                          |
| Ingress protection code             | IP20 [ Finger-protected] |
| Mech. impact protection code        | IK02 [ 0.2 J standard]   |
|                                     |                          |
| Initial Performance (IEC Compliant) |                          |
| Initial luminous flux (system flux) | 2200 lm                  |
| Luminous flux tolerance             | +/-10%                   |
|                                     |                          |

## GreenSpace G5

| Initial LED luminaire efficacy | 116 lm/W           |
|--------------------------------|--------------------|
| Init. Corr. Color Temperature  | 4000 K             |
| Init. Color Rendering Index    | >80                |
| Initial chromaticity           | (0.38,0.38) SDCM<5 |
| Initial input power            | 19 W               |
| Power consumption tolerance    | +/-10%             |
|                                |                    |
