

Tractor AP604F-II

The product is powerful, excellent workmanship, widely applicable to field operations, road traction, to provide users with great convenience, improve work efficiency, save work time and cost. Simple and easy to use.

Model	AP604F-II
L*W*H(cm)	347*153*236
Min operation Weight(kg)	1730
Rated Traction (kn)	11
Wheel track(cm)	104/105
Wheelbase(cm)	186
Min. turning radius (m)	Unilateral brake:3.2±0.2/No-Unilateral brake:3.6±0.2
Steering type	Hydraulic steering
Gears(Forward/Reverse)	20+4
Min ground clearance (cm)	26
Rated power (kw)	44.1
Rated rotor speed(r/min)	2300
Tyre model	Front: 6.5-16/Rear: 13.8-20
Clutch type	Dry,single,dual function,constant meshed
Gearbox shifting type	Meshing gear shift
