

SINGLE DOOR MAGNETIC LOCK (600LBS) AND ZL BRACKET

AALE7

Capable of holding doors weighing up to 600 lbs and operates at low voltage at low current consumption rate.

Features :

- Low current consumption
- Reliable holding force
- Simple and convenient

Holding Force	600lbs
Operating Voltage	12V DC
Current Consumption	480mA
Lock Type	Fail-safe type
Dimension	250mm x 48mm x 25mm
